

## **GASOC International Surgical Rep**

The International Surgical Representative is a key position to provide strong collaborative links between GASOC's representatives in the UK/Ireland and international colleagues. This individual must be passionate about promoting global surgery and will work closely with our UK and Ireland Surgical Representatives in organising Journal Clubs and other GASOC-related events. This role also involves assisting the running of the International Network Working Group within GASOC. The individual should have good organisation of time and team-working ability. They should represent surgical trainees in low resource settings by bringing fresh ideas for projects and collaboration to the committee.

This post is open to trainees from LMICs who are already pursuing a career in General surgery/ Trauma & Orthopaedics/Plastic Surgery/Paediatric Surgery/Neurosurgery/Ophthalmology. It requires a commitment for 24 months from the date of appointment.
